

The background of the slide is a photograph of a desert landscape. In the foreground, there are large, light-colored rock formations with smooth, rounded shapes. A small, solitary tree stands on a hill in the middle ground. The background shows rolling hills and a clear sky. The text is overlaid on a semi-transparent dark blue rectangle with rounded corners.

Wonders of Turkey

A Journey Through Nature and History

Discover breathtaking landscapes and learn English along the way.

Where Continents Meet

Turkey is blessed with **brehtaking** natural landscapes. Because it bridges Europe and Asia, its geography is incredibly diverse.

1. Carved by Time

Mountains and valleys shaped by wind and earth.

2. Shaped by Water

Bright blue seas, lakes, and rivers.

3. Woven with History

Ancient human monuments built into wild nature.

Part 1: Carved by Time

Exploring Turkey's geological marvels.
